New Agent Sees Success In Home Demonstration Work In Coffee County

By Miss Grace James

When the Federal Congress in 1914 passed the Smith-Lever Agricultural Extension Act, it was intended that each county in the United States might have a woman and man agent whose work would reach the homes and farms throughout the country.

The central idea of Congress in making appropriations for this work was to improve rural life in all its activities including the educational, social and economic.

This has been accomplished by organization of clubs among farmers, their wives, and the boys and girls in schools, for the purpose of carrying on certain outlined projects, such as labor saving in the home, preservation of foodstuffs, promotion of purebred poultry and livestock, better gardens, improved market facilities for country produce.

It was thought by the originators of this work that the farm should not be simply a place of all work and small gains, but by interesting every individual of the home in some special phase of improvement.

The great rural masses might be led into the realization of a new day when Country Life would be what God intended it to be—Pleasant, Profitable and Happy.

And when we as agents have succeeded in enlisting that fullest and heartiest co-operation on the part of every member of the farm home, including mother, father, brother and sister, wage hand and tenant, all for the accomplishment of one common purpose, and each home in turn co-operating with the other homes in that community in the conduct of a well rounded program of better farming and home improvement, then will this new day be ushered in, and this quickened interest in co-operative endeavors be crystallized into greater wealth per farm home, better schools and churches, good roads from farm to market, improved health conditions and a more progressive countryside generally.

Then will the pantries and smokehouses be filled, the barns bursting with the bounty of the harvest and the casual passerby thru this goodly land may read above each threshold, peace, prosperity and contentment.

To this end, the home and farm agents, by close coordination of their work, have demonstrated themselves untiringly, and we trust that we may receive that fullest measure of co-operation from the good people of Coffee County in the accomplishment of a program that means so much to everyone; in which event we shall feel that our labors have not been in vain.

It has been my privilege already during my brief stay in Coffee County to meet with the teachers in their annual institute, to visit several schools over the county and to be with the farm bureau leaders at their supper in Elba on Sept. 25th. All have offered their enthusiastic co-operation in any movement lending itself to the betterment of the farm homes and in our publicity campaign this week I trust that we may enlist the support of the general public in accomplishing the aims of home demonstration work.

I congratulate Coffee county on the progressive spirit of its interest in schools, good roads and better farming, and I feel happy to join these militant forces of progress and trust that my bit of contribution to the rural home life of the county may in some feeble way help to hasten the march of our progressive people.

INTERESTING PROGRAMS WILL FEATURE ALABAMA STATE FAIR

The entertainment features of the State Fair of Alabama, Montgomery Nov. 2-11, says Manager Mort L. Bixler, will be the strongest ever offered at a fair in the Southeastern States and is one that will appeal to the editors and their wives when they gather at Montgomery on Press Day, Saturday Nov. 17th.

The program includes, racing in which all the fastest horses in the South will compete. The LaFrance Bros., Toyama Japs, Harrison's trick bicyclists, Rhoda Royals, Circus Acts, Lenora's Jewels, and English Dancing Girl Revue; Weakley's High Jumping Band, one of the best musical organizations in the United States. On the Midway will be found Robin and Cherry's shows, the greatest Carnival organization in the world, and the editors will be issued special admission tickets on Press Day by Manager Robin Gruberg, who by the way is an Alabama boy.

A beautiful evening party was given at the home of Mrs. W. J. Bullard Friday afternoon when she was hostess to the Tea Club.

The living room was attractively decorated with golden rods. Miss Hattie Mae Bullard played a number of favorite selections on the piano during the afternoon.

The hostess assisted by Mrs. W. J. Bullard, Sr., and Mrs. John Bonneau served a delicious ice course. Following the social hour a business meeting was presided over by the President, Mrs. L. C. Kersh.

The following new officers were elected: Mrs. R. L. Cooper, President; Mrs. John Bonneau, Vice-President; Mrs. W. T. Owen, Secretary. Mesdames Ebb Willis, Gordon Prescott, and others of the club on this delightful occasion.

METHODIST W. M. S.—

Circle No. 1 of the M. E. Missionary Society met with Mrs. J. G. Wyrosdick Monday afternoon. Mrs. L. C. Kersh taught the lesson in Task Ahead and Mrs. D. C. Marley led the Bible Study.

Circle No. 2 met with Mrs. West Harris at her home in West Elba.

Ahead was most impressively taught by Mrs. F. M. Lowery and the Bible lesson was led by Mrs. R. L. Cooper. Mrs. Harris assisted by her sister, Mrs. Jones served delightful refreshments. There were 20 present at these meetings.

H. A. Dorsey Will Aid Cotton Club Members In Turning Under Stalks

It has long been known that stalk destruction in the early fall when the weevils are hatching in great numbers to go thru the winter and eat on the early young squares next spring is the greatest of all boll weevil control measures. If all the stalks in a field are turned under now, there will be no weevil damage to cotton plant and the first of next August and by that time a good bottom crop can be set.

With this fact in mind, Mr. Henry Dorsey has proposed to take two acres each of 12 boys near Enterprise and turn under their cotton stalks during early October. These fields will serve as good tractor demonstrations.

This shows the liberal and kindly attitude Mr. Dorsey always bears toward the farmers who are manifesting interest in the Enterprise territory. He is progressive in all lines and has actively co-operated in every undertaking which the farmers have manifested an interest in.

We need more tractors on the farms of the county and we feel sure that some of these boys by their co-operation with Mr. Dorsey may lead the growings in the way of new profits thru tractor farming.

BAPTIST W. M. S.—

The W. M. S. of the Baptist Church met at the Church Monday afternoon.

Elba Tigers "Eat Up" Geneva in Friday Game; Opp Coming Tomorrow

The Tiger's second meal was the Geneva High, score 6-0. Elba received and with a few line plunges had the ball on Geneva's 35 yard line, where Levy Rowell ran a wide end run behind perfect interference for a touchdown. Elba 6, Geneva 0. Geneva kicked again and Elba soon carried the ball back to Geneva's 30 yard line, only to lose the ball on a fumble. Alvin Talbot spilled the ball but as he turned forward over the field during the balance of the half, ending with the Elba ends recovering a punt in mid-field.

Geneva made a strong bid for a score in the 2nd half, carrying the ball to Elba's 20 yard line only to lose it on downs. She did not threaten again. Elba's half Elba's plays, getting into almost every play. Also the work of John Knight, Elba's fullback, shone as a bright star, plunging the line on occasion would have gotten away for a touchdown had he not been fouly tripped by a Geneva line man.

Geneva was poorly refereed—Geneva's ends being "off-side" almost every play, which was the main reason why Elba's ends did not succeed.

All the local boys played well and bid fair to round into shape in time to "eat up" Opp this coming Friday.

NUMBER 16.

H. A. Dorsey Will Aid Cotton Club Members In Turning Under Stalks

It has long been known that stalk destruction in the early fall when the weevils are hatching in great numbers to go thru the winter and eat on the early young squares next spring is the greatest of all boll weevil control measures. If all the stalks in a field are turned under now there will be no weevil damage to cotton planted here till the first of next August and by that time a good bottom crop can be set.

With this fact in mind, Mr. Henry Dorsey has proposed to take two acres each of 12 boys near Enterprise and turn under their cotton stalks during early October. These fields will serve as good tractor demonstrations as well as boll weevil control demonstrations. This shows the liberal and kindly attitude Mr. Dorsey always bears toward the farming interests of the Enterprise territory. He is progressive in all his work and has actively co-operated in every undertaking which the farmers have manifested an interest in. We need more of this kind of forward step in our educational system in keeping with our imperative demands without more money, and we can get this by constitutional amendment. A fifty million dollar bond issue for our schools running through 10 years, with \$5,000,000 a year to be paid out of the state treasury. During the business hour Mrs. W. B. Lee was elected Sun Beam leader, Mrs. Ernest Freeman G. A. leader and Mr. Ralph Yates, R. A. leader. There were 20 present.

A FORWARD STEP IN EDUCATION.

Dear Editor: It occurs to me that the time has come in Alabama for a forward step in education. The common schools need more revenue. Our sources of revenue are now limited by the Constitutional tax. We have only 25 cents for general State administration purposes, and there is not any hope to increase it. A severance tax would provide a sufficient fund for our common schools, high schools, colleges and Universities, without any increase in ad valorem taxes. A severance tax would provide money for education. Hydro-electric companies in Alabama paying a severance tax would supply needed funds for education. A reasonable and fair income tax would equalize the tax burden and solve the educational problem.

We cannot go forward with a road building program without another bond issue we are told, and a scheme has been worked out by which the bonds can be paid without adding burdens to property tax payers. A gasoline tax can be levied to carry forward the road construction work. We cannot go forward with our educational system in keeping with our imperative demands without more money, and we can get this by constitutional amendment. A fifty million dollar bond issue for our schools running through 10 years, with \$5,000,000 a year to be paid out of the state treasury. During the business hour Mrs. W. B. Lee was elected Sun Beam leader, Mrs. Ernest Freeman G. A. leader and Mr. Ralph Yates, R. A. leader. There were 20 present.

SMALL TOWN HUMOR AND PHILOSOPHY

Many a black character is covered by a gilded cloak.

The people who never have time to complain generally succeed.

Disappointment often is in expecting something that goes to the other fellow.

Some mortals mean men sometimes get to be quite prominent in state affairs.

It is much easier to get a wise man to give advice than it is to get a fool to take it.

The money the other fellow has in his pocket is not going to do you or anyone else any good so long as he keeps it there.

If the editor knew as much about this business as others in this town, they would be a lot of improvement in the country press.

New Agent Sees Success In Home Demonstration Work In Coffee County

By Miss Grace James

When the Federal Congress in 1914 passed the Smith-Lever Agricultural Extension Act, it was intended that each county in the United States might have a woman and man agent whose work would reach the homes and farms throughout the county.

The central idea of Congress in making appropriations for this work was to improve rural life in all its activities including the educational, social and economic. This has been accomplished by organizing clubs among farmers, their wives, and the boys and girls in schools, for the purpose of carrying on certain outlined projects, such as labor saving, the home preservation of foodstuffs, promotion of purebred poultry and livestock, better gardens, improved market facilities for country produce.

It was thought by the originators of this work that the farm should not be simply a place of all work and small gains, but by interesting every individual of the home in some special phase of improvement work, the great rural masses might be led into the realization of a new and better life.

Life would be what God intended it:—Pleasant, Profitable and Happy.

And when we as agents have succeeded in enlisting that full and hearty co-operation on the part of every member of the farm home, including mother, father, brother and sister, wage hand and tenant, all for the accomplishment of one common purpose, and each home in turn co-operating with the other homes in that community in the conduct of a well rounded program of better farming and home improvement, then will this new day be ushered in, and this quickened interest in co-operative endeavors be crystallized into greater wealth, per farm home, better schools and churches, good roads from farm to market, improved health conditions and a more progressive countryside generally.

Then will the pantries and smokehouses be filled, the barns bursting with the bounty of the harvest and the casual passerby thru this goodly land may read above each threshold, peace, prosperity and contentment.

To this end, the home and farm agents, by close coordination of their work, have dedicated themselves untiringly, and we trust that we may receive that fullest measure of co-operation from the good people of Coffee County in the accomplishment of a program that means so much to every one; in which event we shall feel that our labors have not been in vain.

It has been my privilege already during my brief stay in Coffee County to meet with the teachers in their annual institute, to visit several schools over the county and to be with the farm bureau leaders at their supper in Elba on Sept. 25th.

All have offered their enthusiastic co-operation in any movement lending itself to the betterment of the farm homes and in our publicity campaign this week I trust that we may enlist the support of the general public in accomplishing the aims of home demonstration work.

I congratulate Coffee county on the progressive spirit of its people, as is evidenced by their interest in schools, good roads and better farming, and I feel happy to join these militant forces of progress and trust that my bit of contribution to the rural home life of the county may in some feeble way help to hasten the onward march of our progressive people.

We need more tractors on the farms of the county and we feel sure that some of these boys by their co-operation with Mr. Dorsey may lead the growup in the way of profits thru tractor farming.

A FORWARD STEP IN EDUCATION.

Dear Editor:

It occurs to me that the time has come in Alabama for a forward step in education. The common schools need more revenue. Our sources of revenue are now limited by the Constitutional tax. We have only 25 cents for general State administration purposes, and there is not any hope to increase it. A severance tax would provide a much needed revenue for the schools, and we would have sufficient funds for our common schools, high schools, colleges and Universities, without any increase in ad valorem taxes.

SMALL TOWN HUMOR AND PHILOSOPHY By BUCK CAMPBELL

An honest effort should be appreciated.

A spendthrift lover may become a worthless husband.

The husband who comes in like a lion generally goes out like a lamb.

The sunshine and rain are life in the world, but the moonshine is life itself.

A man will play golf all day for "exercise" who would make his wife carry in the ketchup and build the fire.

If a man worked as hard at a political job as he does to get it, there would be a whole lot more efficiency in public offices.

When a young man goes after chickens he should not be disappointed when he succeeds in catching one if he gets hen-pecked.

Publicity Meetings Last Week Well Attended; Much Interest Shown

The series of publicity meetings at Curtis, Pine Level, Goodman, Mt. Pleasant, Enterprise, Elba, Kinston, New Hope and Farmers Academy last week were well attended and much interest manifested in the various development activities which the county has established.

Judge Carnley and the Commissioners represented the Good Roads work; Prof. Hudson, County Board of Education, Miss Farris and State Superintendent Jno. W. Arnold, the Educational Department; Miss Handley, State Director Child Welfare Work.

Miss Jean Langston, new welfare worker for Coffee County and Miss Mattie Dowling, former worker for County, told of the work of the Child Welfare department; Dr. Rankin, Mr. Price, Miss Cason and Mr. Welsh, State Health Officer, represented health while the Farm and Home Extension work was discussed by Miss Grace James and R. C. Arnold.

Judge Mayfield, former Supreme Court Justice of Alabama delivered two eloquent and inspiring talks at Elba and Enterprise. His main subject was the Constitution and a greater exposition on the subject was never listened to by any audience.

Prof. Snuggs, Principal of Coffee County High School at Enterprise marched his student body down to the courthouse to hear Judge Mayfield's Exposition of the Constitution.

Other speakers supposed to have been on the program were Gov. W. W. Brandon and Hon. J. M. Moore, Commissioner of Agriculture, but both were detained on account of urgent business in other parts of the State.

Coffee County Commissioners Court and Board of Education together with the progressive people all over the county were congratulated upon their vision of progress and ambitious program which they have inaugurated.

These meetings will be continued from time to time until this progressive program inaugurated by the Court of County Commissioners and Board of Education in co-operation with State and Federal departments shall have been carried to every community in Coffee County and its work felt there.

FORMER COFFEE CITIZEN FOUND DEAD IN BED AT OPELIKA.

Mr. Arthur Bailey, for many years a citizen of Coffee County but the past several years living at Opelika died at his home in the Lee county city about 6:00 o'clock Tuesday morning. His death came suddenly. It is said that he was up about five o'clock and went to his store with a customer. He returned to his home and about six o'clock he was found dead, his body still being warm.

The remains were brought to Pine Level cemetery Wednesday where the burial occurred. Rev. D. M. Elland, of Bullock, performed the services. Mr. Bailey was well known in this section and his friends will regret to learn of his passing.

Inaugurated for the general development of the county and its citizens along lines of roads, schools, health, child welfare and home extension work. Judge Mayfield said that from High Jackson to Low Baldwin it was generally known that Coffee County had some of the best farming lands of the state.

Dr. Welsh stated that no Health Unit in the United States had done more work in the few months time since its inauguration in the County than Dr. Rankin with his workers. Over 10,000 doses of Antitoxin Serum have been administered since the middle of July along with other work.

In matters of co-operative farm work it was shown that the people have co-operated whole-heartedly to the extent of saving over \$50,000.00 the first year of its existence and next year will see the farmers activities in Coffee County mounting as high as \$60,000.00 in co-operative marketing and purchasing.

These meetings will be continued from time to time until this progressive program inaugurated by the Court of County Commissioners and Board of Education in co-operation with State and Federal departments shall have been carried to every community in Coffee County and its work felt there.

Judge Carnley Writes About Campaign For Pushing Coffee Ahead

During the four days campaign last week in Coffee County we visited many schools. We had with us in this campaign Miss Virginia B. Handley, State Child Welfare Director, Hon. John W. Abernethy, State Supt. of Education, Dr. S. W. Welsh, State Health Officer, and Hon. James J. Mayfield, representing the Governor of Alabama, who could not come. Hon. J. M. Moore, Commissioner of Agriculture, and Industries, was also prevented from coming.

We had with us our County Health Officer, Dr. H. P. Rankin, our Sanitary Inspector, Mr. Price, our County Health Nurse, Miss Cason, our County Supt. of Education, J. E. Hudson, our School Supervisor, Miss Farris, our Home Demonstration Agent, Miss James, our Farm Demonstration Agent, R. G. Arnold, and our Child Welfare worker, Miss Langston, also our retiring Child Welfare Supt., Miss Dowling.

These made up the forces who visited schools, taking places in central points in the county. These meetings were a revelation of our tremendous responsibilities. No one attending these schools and these communities could fail to feel and know the great needs of the work which our County program proposes to do for the people of the entire County.

These were visitors from Enterprise, Mt. Pleasant, New Brockton and Kinston.

Miss Miriam Russ entertained a number of her little friends at a most beautiful party Saturday afternoon, the occasion being her birthday.

The living and dining rooms were decorated in pink and white. The white birthday cake was surrounded by dainty candies held in pink rose bud holders, and made a lovely center piece for the table.

Childish games were played, the Men's Man, and the young people's game, and the county's great revivalist begins a revival meeting at 11, a. m. at the Methodist Church next Sunday. Hear Him.

Miss Barbara Carlisle spent the week-end in Auburn.

Misses Huey Cason and Laura Bryant spent last Thursday and Friday in Montgomery.

Mr. and Mrs. J. N. Ham, of Soargrove, Fla., are in Elba to spend the winter.

Four BIG Cakes of Palm Olive Soap for 25 cts CASH. May-Vaughn Merc. Co.

Mrs. James Rollins, of Enterprise visited her aunt, Mrs. J. E. Hudson Sunday.

Mrs. Bessie Hutchison and her mother, Mrs. Johnson, of Troy were guests of Mrs. W. O. Vaughn Sunday.

Mr. and Mrs. B. J. Cardwell and little daughter of Dothan, visited relatives here the first of the week.

Mr. O. A. Ellis returned Friday from Winter Haven, Fla. He and his family will go there about the first of Nov. to make their home. Their friends in Elba regret to see them leave but wish them happiness and prosperity in their new home.

Elba Tigers Take Third Game From Opp Team; Coach Arrived Monday

The Elba Tigers third weekly meal was off the Opp "Bob Cats," eaten in six mouthfuls, which means that Elba triumphed over Opp to the tune of 6 to 0 last Friday. The first half developed no starting plays altho the Elba boys carried the ball to Opp's 20 yard line twice in this period, and being held attempted drop kicks only to fail.

The Opp boys attempted a strong come-back in the second half and got the ball to Elba's 30 yard line only to lose on a fumble. Elba also showed some fighting blood and the close of the 3rd quarter carried the ball to Opp's 16 yard line by off-tackle and criss-cross plays. An attempted drop kick fell short and Opp's quarter-back "Red" Sellers ran the ball to mid-field, only to lose on downs as the third quarter ended.

The fourth quarter opened with Elba's ball on her 40 yard line. Rowell made 12 yards over left tackle. Wise made 4 over right guard. Knight made 9 off right tackle. The ball was on Opp's 35 yard line. Bucks by all four backfield men in quick succession gained 25 yards and Elba had the ball on Opp's 10 yard line, only to lose on a fumble. The next play, Opp kicked to Rowell who returned 5 yards; and then Elba began a march such as has rarely been seen on the local field—one line buck after another by first one back and then the other until John Knight heaved one final mighty blow and carried the ball over for the only touch down of the game.

The whole team played well and it would be hard to pick one star without dimming the glory of the other players. Brown leaped Opp's line several times to down his man for a loss; the line was a "Rock of Gibraltar" on defense and on offense charged fiercer than ever before. Coach Oliver is now on hand and is drilling the boys in the tactics that have made the University of Alabama team Champions of the South. The Elba team bids fair to "burn up" this neck of the woods—JUST WATCH OUR SMOKE!

Mr. Pete Lee was a visitor in Auburn last week-end.

Mr. and Mrs. W. F. Cooper left Monday for a visit to various parts in Fla. They will visit Winter Haven, Orlando and other interesting places.

Mrs. John Lee English and son, have returned from Tennessee where they visited Mrs. English's parents, Mr. and Mrs. W. J. Cotter.

Mrs. Bina Byrd of Montgomery spent last week-end in Elba the guest of her sister, Mrs. J. E. Hudson.
